EDUCATION

National Polytechnic Institute of Angkor (NPiA)

Associate Degree, Information Technology

Major: Information System Development | Graduated: 2026

2024 - 2026

TECHNICAL SKILLS

- Front-end: HTML, CSS, JavaScript, Tailwind CSS, AngularJS
- Back-end: PHP, Laravel
- Database: MySQL, SQLite, phpMyAdmin
- Tools & Concepts: Git/GitHub, REST API, SDLC, Requirement Analysis, Database Design, Testing & Debugging

PROFILE SUMMARY

Junior PHP Laravel Developer with strong foundation in web application development and system analysis. Built and delivered multiple full-stack projects (POS, E-commerce, Library/Admin systems) using Laravel, Tailwind CSS, and SQL databases. Skilled in requirement analysis, database design, building admin & customer workflows, testing, and debugging.

PROJECT

1. POS Management System

Tech Stack: Laravel (PHP), HTML, Tailwind CSS, MySQL (phpMyAdmin)

Role: System Analyst & Full-Stack Developer

- Built a POS system to manage sales operations and inventory.
- Developed modules: Products, Categories, Customers, Suppliers, Stock Inventory, Invoices/Receipts.
- Implemented authentication, user & role management, and search/filtering.
- Built dashboard and sales reporting features.
- GitHub: https://github.com/Mrsakk/pos_management

2. FreshMart E-Commerce (Grocery Online Shop)

Tech Stack: Laravel (PHP), SQLite, Tailwind CSS, Vite | Deploy: Vercel

Role: Full-Stack Developer

- Built Admin panel (orders, inventory, suppliers, reports, export) and Customer frontend (shop, cart, checkout, profile, wishlist, reviews).
- Implemented shopping cart & checkout with payment verification (image upload).
- Added coupons/discounts, delivery zone management, purchase orders, stock movement tracking, notifications, activity logs, export & reports.
- Integrated Google OAuth login + map-based address support; configured Vercel deployment.
- GitHub: <https://github.com/Mrsakk/E-commerce-Grocery-Management-System>
- Demo: <https://e-commerce-grocery-management-syste.vercel.app/>

3. Book — Library/Admin Management System

Tech Stack: Laravel 12, PHP, MySQL, Vite, TailwindCSS, Blade

- Built a complete library/admin system: books, authors, categories, borrowing, and sales.
- Implemented borrow workflow with auto-calculated available_quantity and sales status tracking.
- Built dashboard overview and authentication/profile management.
- GitHub: <https://github.com/Mrsakk/bookManagement.ms>

SOFT SKILLS

Teamwork, communication, problem-solving, time management, fast learner.

LANGUAGES

Khmer (Native) | English (Basic — A2)
